

MEGAMAN - What's New?

Warning Sign For Recessed Luminaires

New Mandatory Rule in 2013

Where Recessed Luminaires are installed in an accessible roof space, a permanent and legible Warning Sign must be installed in the roof space adjacent to the access panel, in a position that is visible to a person entering the space.

Complies with AS 1319 with a minimum size lettering of 10mm.

Date Released: February 2013
