

EASYCELL[®]

Gel straight-through & branch joint assemblies for safe cable connections

**NEW
PRODUCT
RELEASE**

Components include:
Red Mould with gel inside,
Connector and Branch-off blocks,
Cable Ties and Allen Wrench.

Features:

- Wide Range of Sizes
- Protect, Insulate and Seal Instantly
- Simple & Fast Assembly
- No special tools needed
- Re-enterable

The New EASYCELL[®] range of gel joint assemblies provide super practical and easy connections and branch-offs of low voltage cables up to 1kV.

EASYCELL[®] can be used for safe cable connections in:

- indoor & outdoor areas,
- underground and
- under water.

CELLPACK

EASYCELL[®]

Safe, permanent protection against the penetration of water & moisture into cable joints

Advantages:

- No time consuming mixing and filling
- No curing time after installation
- No special tools for assembly required
- No hazardous goods labeling required
- Not hazardous waste when disposed
- Connections can be modified with openable joints
- **Indefinitely storable**

Easy to Use:

Simple five steps explained clearly on packaging
