## Weatherproof Double GPO with Extra Switch

Two  
Power  
Points

Three  
Easy Glide  
Switches

Cat No:  
**WPO2/XS**

- **IP53 Rated**
- Complete Unit
- Multiple Conduit Entry Points
- Fire Resistant and UV-stabilised materials

A versatile addition to FND's Weatherproof GPO Range, this Double Power Point has an Extra Switch in the middle for direct wiring.

The Unit comes on a standard 34mm depth mounting block with multiple 20mm & 25mm Conduit entries on all sides and the rear. The switch 'Load' output terminal is supplied from the GPO circuit feed.

Approved to all relevant Australian and New Zealand standards.
